## Professional Summary

I am a lead developer with a strong passion for web development, working closely with designers to bring creative ideas to life. I have led diverse projects from start to finish, developing websites and web apps while ensuring functionality and seamless user experiences.

My experience spans startups and cross-functional teams, driving projects from concept to delivery, always with a focus on technical excellence and alignment with business objectives.

## Professional Experience

### • 2022 - 2024

*Web Lead frontend developer - Tawasal, UAE*

Responsible for creating and maintaining the company's website and web app, ensuring performance and functionality. Collaborated with design, iOS and Android teams to ensure seamless integration and user experience across all platforms.

### • 2019 - 2022

*Web Lead developer - Icilaba, design agency, France*

Responsible for all technical aspects of projects: understanding requirements, providing technical solutions, participating in tenders, managing discussions with technical partners, estimating time and costs, ensuring design-to-code alignment, and delivering projects.

### • 2016 - 2019

*Full-stack web Developer - Icilaba, design agency, France*

Developed and maintained a wide range of diverse websites and web apps. Participated in the design process to ensure seamless design-to-code implementation.

### • 2015

*Web Developer - NEOMA Business school incubator*

Developed two websites and two web apps for two different startups, from initial concept to deployment.

## Education
